CORIAN® QUARTZ NEW COLORS

THE CORIAN® QUARTZ PALETTE WILL FEATURE SIX NEW HIGH GLOSS AESTHETICS AND FOUR WITH A SOFT LEATHERED TEXTURE. THE NEW COLLECTION OFFERS A SUBTLE TABLEAU OF HUES AND DESIGNS THAT ARE ANYTHING BUT MUTED. FROM PURE WHITE TO DEEP GRAY, THE COLORS RESIDE WITHIN RICH AESTHETICS AND THE INTRODUCTIONS OFFER STRIKING INTERPRETATIONS OF NATURE.

Beginning with Bianco Pur and Bianco Marmor, crisp white is used as the basis for either a pure color statement, or as the foundation for a flowing marble aesthetic. Oyster Grigio and Geo Grigio display soft, neutral backgrounds with veining and particles coursing through the surface inspired by their geologic origins. Ashen Gray and Slate Geo, respectively, offer light and dark gray colorations that are comprised of restrained veins and quiet movement.

The new designs of Corian® Quartz are created to not only enhance a space, but to create environments in which the aesthetics offer superb color and design possibilities beyond their subtle appearance.
