ExxonMobil Asia Pacific R&D center is located in Shanghai Zizhu Hi-Tech park. The center has a construction area of 26,600 square meters; it is one of the largest ExxonMobil headquarters in the Asia-Pacific region. In addition to the advanced R&D laboratories and product development facilities, the center also consists of large multi-functional hall, training room, meeting room, reception area and resting zone. The objective is to tighten bonding with customers, promote business growth, and provide a showcase of ExxonMobil's leading technology and achievements.
