

**LAPITEC**  
NATURALLY ITALIAN

## LAPITEC® FOR KITCHEN COUNTERTOPS

Lapitec® sintered stone is highly resistant to scratches, abrasions, high temperatures and staining; these properties make it the perfect choice for a kitchen countertop.

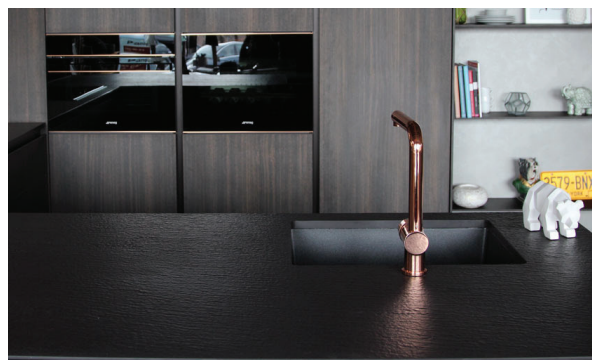

Lapitec® large format slabs are ideal for every kitchen surface, from countertops and backsplashes to oversized kitchen islands. Hygienic and extremely resistant, it is perfect for food contact and ensures high performance and durability in addition to a sophisticated and warm charm.
