

CORIAN®

ENDURA™

SWATCH BOOK

Customize Without Compromise

Corian® Endura™ is a premium high-performance porcelain made from a recipe of natural minerals and cutting-edge technology. Compressed together under extreme pressure and then heated at high temperature in a similar way to how nature forges a diamond. Endura™ offers superior resistance to extreme heat, abrasions, scratches and stains, allowing you to use the counter top to its full potential when cooking. It offers superior hardness, is non-porous and does not promote the growth of mold, bacteria and mildew.

SCRATCH RESISTANT

HEAT RESISTANT

**NON-POROUS AND
EASY-TO-CLEAN**

UV RESISTANT

Albaster Cement

Corian® Endura™

Alabaster Cement

The muted tones of Alabaster Cement are infused with a smooth, translucent quality that pays homage to the allure of classically sculpted stone.
