Lapitec® Sintered Stone

SINTERED STONE SLABS MADE FOR INTERIOR AND EXTERIOR APPLICATIONS

The perfect example of Italian style. Lapitec® is an innovative through-body sintered stone slab. Available in large format slabs, it unites aesthetic design appeal and the superior mechanical and physical properties of porcelain with the elegance, workability, colors and typical finishes of natural stone.

ESSENZA

The Essenza collection features all the monochromatic colors and its name expresses Lapitec's identity: solid, linear and firm shades not only on the surface, but also throughout the body of the slab.

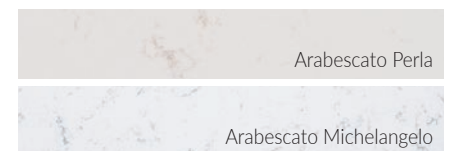

MUSA

The Musa collection consists of controlled, through-body color and veining patterns which provide the capability of book-matching.

ARABESCATA

The Arabescata collection consists of two non-controlled, through-body color and veining patterns which provide a unique style and pattern with every slab.

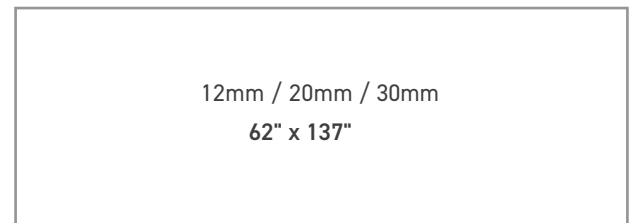

LAPITEC® - INDOOR, OUTDOOR, EVERYWHERE!

LAPITEC® IS AN INNOVATIVE THROUGH-BODY SINTERED STONE, ENGINEERED TO BE USED IN VIRTUALLY ANY APPLICATION.

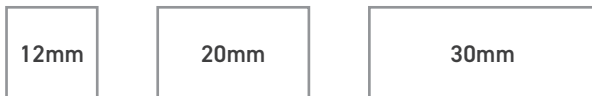

A revolutionary material with unique qualities, as can be seen through its 25 registered patents. Lapitec® is the world's only sintered stone: a timeless surface made from a selected mixture of natural and incredibly pure minerals, ideal for adding a touch of charm to any environment. It is the world's only certified sintered stone, a popular choice among designers to reinterpret exterior wall cladding, pools, shower walls, kitchen worktops, marine and hardscape applications.

Weights	12mm	20mm	30mm
Slab surface	54.35 ft ²	54.35 ft ²	52.85 ft ²
Slab weight	386 lbs	606 lbs	882 lbs
Weight per ft ²	6 lbs	10 lbs	15 lbs
