WIDESHEET VS STANDARD SHEET

Save Time, Labor Costs and Inventory Space. Help optimize the fabrication process for faster installations in applications that previously required multiple sheet seams to be joined. For the typical project, this means faster less labor-intensive installation periods, and less material for fabricators to inventory. Perfect for large scale commercial applications and businesses including Healthcare, Education, Food Service and Retail.

This information was prepared only as a predictor of expected cost and not as a guarantee of cost saving. Cost savings based off a hospital room vertical application in Glacier White. Savings will vary depending on application, labor cost, and dimensions selected. Shipping estimates not included. Contact your local distributor for more information.

USE AND CARE

Corian® Solid Surface is a non-porous, stain resistant, homogeneous, durable and renewable material. It is by nature easy to clean, easy to care for and easy to live with. For everyday cleaning, use a damp microfiber cloth with a standard household kitchen spray. Further information can be found in the Use & Care Kit left by your Corian® Solid Surface installer.

RENEWABLE

Most damage, including severe impact, heat or chemical damage, can usually be repaired on site to restore the integrity of the original smooth, hygienic solid surface.

SUPPORT NETWORK

The Corian® Design support network has stood side-by-side with Architects, Designers and Fabricators across the globe for over 50 years, working to provide local service and support to customers so they can create solutions that solve the toughest design challenges. Corian® Solid Surface in Widesheet Dimensions enables the fabrication of larger, more complex applications all while helping you stay to safety code with Class A Fire rating. Corian® Solid Surface is trusted by the design community around the world to create warm and inviting spaces that enable easy disinfection.

A SUSTAINABLE CHOICE

The leading provider in the only material category that can deliver Non-Porous, Seamless, Low VOC which are critical to keeping surfaces clean. Corian® Solid Surface is Green Guard Gold certified, which means it contributes to indoor air quality and can be trusted for even the most vulnerable populations. Cover more space with less material waste! All while contributing to Green Building and LEED building accreditation.
