

**PREFERRED  
PARTNERS**  
in hand hygiene

**dyson** airblade wash+dry

**CORIAN®** SOLID SURFACE

### Tested and recommended for use with Dyson airblade wash + dry hand dryers

Two industry-leading innovators are now your preferred partners in helping with hand hygiene.

One of the main advantages of Corian® Solid Surface is the ability to create an entire, continuous surface from countertop to sink. Seamless undermounting techniques eliminate rims that trap dirt and water, minimizing cleaning and maintenance. When choosing Corian® sinks, you can always count on the highest levels of longevity in performance, versatility and easy maintenance. Furthermore, the nonporous solid surface means that, with proper cleaning, Corian® Solid Surface will not harbor the growth of mold or mildew. The following Corian® Solid Surface sinks have been tested and approved for use with the Dyson airblade wash and dry hand dryers: 810P, 8254, 7722 and 7418.

810P

Acrylic-modified polyester  
Overflow optional  
ADA Compliant  
16½" x 13½" x 5½"

8254

Acrylic-modified polyester  
Overflow optional  
ADA Compliant  
18" x 12¾" x 5"

7722

Acrylic-modified polyester  
Flat bottom, Overflow optional  
19½" x 12½" x 5"

7418

Acrylic-modified polyester  
Concave bottom, Overflow optional  
19½" x 12½" x 5"

#### Corian® Solid Surface sink features:

- Coordinates with Corian® Solid Surface and Corian® Quartz vanity tops for a seamless, easy-to-clean surface
- Nonporous surface that, with proper cleaning, resists mold, mildew and bacteria
- Stain Resistant
- Suitable for multi-bowl installations
- ADA models and a variety of overflow options available
- Available in whites and off-whites
